

Welcome OFE Families!

What a wonderful year of normalcy! It has been so refreshing to see not only our Bobcats but also our families gracing the halls, attending events, and preparing for a fun year of learning. We are also excited to have new faces among our administrative team as well as a full-time counselor on board as we embrace our Empower values and focus on a year of growing Bobcats who are part of a symbiotic community.

For those of you who have not met me, I am Andrew Casler, and I am entering my sixth year here at Oak Forest. I completed my undergraduate and graduate degrees at the University of Houston (go Coogs!) and I love to BBQ and golf in my free time. My wife and I enjoy spending time with our two children and our two dogs as we travel and spend time outdoors.

I am so grateful for our PTA and I encourage you to get involved with this welcoming group of parents. The PTA is an integral part of our OFE family, and we appreciate their commitment to providing so many critical opportunities for our students to grow in a nurturing environment!
